Horticulture Program Assistant
K-State Research and Extension—Shawnee County

Purpose
The Horticulture Program Assistant serves as a staff coordinator for the Extension Master Gardener program and for the consumer horticulture program under the direction of the K-State Research and Extension Agent—Horticulture.

- The Extension Master Gardener program is a volunteer organization established to enhance public horticulture outreach throughout the county through various educational activities. The Shawnee County Extension Master Gardener chapter currently has a membership of 180 volunteers who log over 10,000 hours of activity and reach over 11,000 Shawnee County residents annually.
- The consumer horticulture program provides research-based, unbiased information to address common horticulture issues in home gardens and landscapes. The K-State Research and Extension—Shawnee County office currently receives nearly 1,000 consumer horticulture inquiries and plans dozens of outreach events annually.

Responsibilities
