HORTICULTURE
JUDGING: QUALITY

Ariel Whitely
Standards

**Cultural Perfections**
- Relating to the skill of the grower
  - Good balance between sizes of plant and pot
  - Symmetrical
  - Compact
  - Good foliage
  - No obvious pest, disease or nutrient issues

**Floriferousness**
- Refers to the number of flowers and their condition
  - Small amount of flowers that will bloom and appear evenly over the flower is desirable
  - Numerous flowers that appear to crowd one another or completely obscure the foliage is undesirable

**Size of Plant**
- Should be proportional to the pot it is in
- Should not appear to be stretched or as if it could fall over
Standards

Color of Bloom
- Fresh and bright
- No blemishes or browning
- True to type

Size of Bloom
- Look at individual bloom as well as their uniformity
- Flowers should be as large as is typical for that type
